Description of Presentation

Title of Presentation: "What Happened To That Guy?"
A look at Mechanism of Injury
Description of Presentation: To be able to look at a scene and have a high index of suspicion of possible injuries your patient may be experiencing would be invaluable. This is easily achieved by understanding the "MOI". We will look at MOI and relate potential problems, including signs and symptoms we may encounter with our patient.

Objectives: 1) The participant will be able to list the two primary types of injury associated with trauma.
2) The participant will be able to list signs and symptoms associated with specific types of injury.
3) The participant will be able to establish a treatment plan for trauma patients

Target audience: BLS / ALS

Time requirement: 1 -1 1/2 hours

Presented at Prior Conference : Yes - several

Teaching Method: Lecture
