### **Description of Presentation**

Title of Presentation: Medical Assessment: "What Is Your Problem"

Description of Presentation: Medical emergencies are often complicated and difficult to identify. We need to be the "Sherlock Holmes" of EMS to be the best patient advocate possible. Using a case presentation we will dissect how to proceed through a medical assessment while using our understanding of A / P and pathophysiology to initiate intervention and identify the problem.

Objectives:

- 1) The participant will be able to correlate S/S to potential problems
- 2) The participant will be able to develop an effective treatment plan.
- 3) The participant will be able to understand the significance of treating the patient quickly and effectively.

Target audience: BLS / ALS

Time requirement: 1 to 2 hours

Presented at Prior Conference : Yes

Teaching Method: Lecture / Class discussion
