Description of Presentation

Title of Presentation: Neuroendocrine Response to Shock
Description of Presentation: Using a case presentation we will explore the neuroendocrine response to shock. Learn how to correlate your patient's signs and symptoms with the stage of shock they are in. This is an in depth look at the pathophysiology behind shock and how to treat your patient effectively.

Objectives:

- 1) The participant will be able to list the three primary types of shock.
- 2) The participant will have an understanding of the neuroendocrine response to shock.
- 3) The participant will be able to develop a treatment plan for your patient.

Target audience: ALS / BLS

Time requirement: 1 hour

Presented at Prior Conference : Yes

Teaching Method: Lecture
